Christian
Mr Fetish NRW 2023

Cologne will always have a special place in my heart. The diverse community shapes the lively cityscape with numerous queer/kinky/fetish events throughout the year.

With "**WEKINK** Cologne", - another highlight in the heart of Europe - will be added to our calendar for the first time in 2023. "Every kink's welcome" is the motto of this three-day spectacle under the roof of the Babylon bathhouse, which has something to offer for every kinkster. I'm looking forward to discovering this new format and I'm sure what will really make this event a success is "us" - the community.

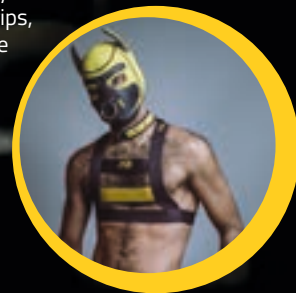

We (are) kink!

Kirk **Puppy Europe**

Since my inauguration to Puppy Europe, I get to know new and exciting facets of the kinky community every day. On each of my trips, all over the continent, I meet a wide variety of people who are all proud to live out their fetish.

So what could be nicer than a kinky festival that combines the best qualities of our community in a tolerant and open-hearted city like Cologne. I look forward to three wonderful kinky days with you.

Kinksters united!

BADEHAUS BABYLON COLOGNE

For more than 30 years Badehaus Babylon is one of the most beautiful and highly visited gay bathhouses for cruising with a worldwide reputation. Located in the heart of the city of Cologne, close to the historical Römerturm and the Friesenplatz, it's a small gay paradise welcoming his guests to relax and enjoy after a business-meeting, a long shopping tour or a stressful day.

As one of the biggest gay bathhouses with more than 1.400 m², Badehaus Babylon offers a variety of sauna and wellness opportunities as well as a large cruising area. The large outdoor pool, located in an atrium-like inner-yard with a Mediterranean touch, stands out as the heart of bathhouse.

For **WEKINK**, the Babylon will transform into a special event location where everybody can be themselves and play their kinks.

NIKOKBK

Rope-obsessed performer, NIKOKBK finds in the Shibari art a way to escape from socially-conformed inhibitions. When he refers to his encounters he says - if it is approached playfully, inhibition slips away and we feel safer exploring it. If you feel like you are playing as a kid, you may be on the right path.

Louislouis (they/them) are a brat nasty model who love to play. Bike messenger by profession, they use bicycle inner tubes as a bondage tool. They are delighted to deliver themselves up to explore Shibari for your own pleasure.

Louislouis & NIKOKBK have found an excitement in the particular PLAY they like to show off in public.

Workshop: „Playful Bondage“
NIKOKBK & Louislouis will show you how to play easily with a rope and a stick. After an exchange on safety, they'll show you how to restrain your partner just for the pleasure of rope play and perhaps for riding.
